Report Date: February 14, 2026

Student: Valentina Robles
Program: SAT One on One, 24 session package
Tutor: Daniel Okafor
Sessions completed: 16 of 24
Target test date: November 7, 2026

Practice Test	Date	Reading and Writing	Math	Total
Diagnostic	November 2025	590	580	1170
Practice 2	December 2025	620	610	1230
Practice 3	January 2026	650	640	1290
Practice 4	February 2026	670	660	1330

Summary

Valentina has gained 160 points since her diagnostic. Math is climbing steadily, with the largest remaining gains in advanced algebra and data analysis. Reading is strong. We recommend continuing weekly sessions through the spring and a focused review before the November test date. A target of 1400 is realistic.
