Bring your own

Bring a cooler with ice for the ride home; we sell ice if you forget. Oysters keep three to five days cup-down in the fridge under a damp towel, never sealed in a bag, never in standing water.

Cook it simple

- Shrimp: hot pan, butter, garlic, two minutes a side, squeeze of lemon. Do not overcook.
- Oysters on the half shell, or on a hot grill with a spoon of garlic butter until the edges curl.
- Ask us for the shrimp-and-grits method; happy to write it on the bag.
