Telehealth and support

Virtual primary-care visits are available at the standard \$35 copay and are a good fit for a night-owl schedule. A 24/7 nurse line is included at no cost. In-network providers bill Evergreen directly; you pay only the visit copay at the desk. For any out-of-network emergency, submit an itemized receipt through the member portal within 90 days.

This summary is for your records. Premiums count toward the personal budget health-insurance line and are personal coverage, not a studio expense.
