-	(overdue since spring)	Extra time allowed

Notes

Our records show it has been a while since your last cleaning, so we have allowed extra time for this visit. We may recommend a follow-up if we find anything that needs attention.

Before your visit

- Arrive 10 minutes early to update insurance and health history.
- Bring your Evergreen Health member ID.
- Note any jaw or tooth sensitivity since your last visit.
- Reschedule at least 24 hours ahead if needed so we can offer the slot to the waitlist.

Hygiene recommendations

- Cleanings every six months; you are due to reset that cadence.
- Night guard consideration if you notice grinding during crunch periods.
- Reduce late-night sugary snacking; rinse after the 2 AM chilaquiles.
- Fluoride rinse for long screen days with a dry mouth.

Financial policy

Payment is collected at the desk. Most of a preventive visit is covered under your medical or dental preventive-care benefit; any patient portion is estimated before treatment. We accept card and transfer. A missed appointment without 24 hours notice may carry a \$50 fee.
