Confidential This statement contains protected mental-health information, provided to the client only for insurance reimbursement and personal records. It must not be shared with employers, third parties, or included in any general household document sent to an accountant.

Benefit & Cost Summary

Item	Detail
Outpatient mental-health benefit	Covered after copay, no session cap
Per-session copay	\$120.00
Approximate monthly cost	\$480.00 to \$600.00
Deductible	Met for the plan year
Telehealth	Covered at parity

Treatment Plan & Policies

Client continues weekly trauma-focused CBT with good engagement and is not currently on medication. A quarterly conjoint session with the spouse is included; the next is scheduled for August 2026. Cancellations require 24 hours' notice to avoid a full-session fee. Copays are a recurring monthly health cost in the household budget and should be counted with the primary-care, PT, and insurance lines when computing the real monthly outlay.
