Compliance Summary (myAir, trailing 90 days)

Month	Nights used	Nights available	Compliance	Avg AHI on therapy
April 2026	24	30	80%	2.1
May 2026	22	31	71%	2.4
June 2026	25	30	83%	1.9
Trailing average	71	91	78%	2.1

Compliance Documented use is 78%, above the 70% payer threshold, so the rental converts to purchase on schedule. Missed nights cluster after 24-hour tours; the AirMini travel unit keeps firehouse nights compliant.

Prior authorization	AUTH-88231, on file	Provider	Dr. Maria Santos, Westchester Sleep Center
Rental-to-own months	11 of 13	Ship-to	47 Hillcrest Avenue

Resupply ships automatically to 47 Hillcrest Avenue, Crestwood, Yonkers, NY 10707. The next follow-up with Dr. Maria Santos, Westchester Sleep Center reviews the annual myAir report and reassesses pressure settings. Patients should contact the DME line for mask-fit issues, leak alarms, or travel documentation before out-of-state trips.

Therapy Education & Care

- Use the device every night and for naps to keep the trailing compliance above the 70 percent payer threshold.
- Clean the mask cushion daily and the tubing and chamber weekly; replace supplies on the schedule above.
- Bring the AirMini travel unit on 24-hour firehouse tours so night-tour nights still count toward compliance.
- Contact the DME line for mask-fit issues, persistent leak alarms, or documentation before out-of-state trips.

Support, Warranty & Returns

The device carries a two-year parts-and-labor warranty. Defective supplies are replaced at no charge within the resupply window. Prior authorization AUTH-88231 is on file for the current benefit year and is renewed annually with a compliance report from myAir. Billing questions and address changes may be directed to the DME division at (914) 964-2200. The next physician follow-up with Dr. Santos will review the annual compliance summary and reassess the prescribed pressure range.
