Re: Appointment Confirmation - Dr. Rebecca Torrance

Dear Mr. Brandt,

This letter confirms your upcoming appointment at Three Rivers Orthopedics. This appointment was moved from an earlier time at your request. Please review the details below and call us if anything needs to change.

Appointment Details

Item	Details
Date	Saturday, October 17, 2026
Time	9:40 AM
Provider	Dr. Rebecca Torrance
Reason	Bilateral knee osteoarthritis follow-up
Possible procedure	Cortisone injection (if indicated that day)
Location	900 Babcock Boulevard, Suite 210, Pittsburgh, PA 15237

What to Bring

- Your current medication list.
- Your insurance cards (Allegheny Senior Advantage HMO).
- Your home knee log or notes on pain, swelling, and stiffness.
- Please wear shorts or loose-fitting pants so Dr. Torrance can examine both knees.
- Plan for about 45 minutes for the visit.
- Arrange a driver in case you receive a cortisone injection.

Before Your Visit

- If you have outside imaging (X-ray or MRI), please send it to us ahead of time so Dr. Torrance can review it before your appointment.
- Continue your blood pressure and cholesterol medications as usual.
- Continue taking naproxen as needed, unless your doctor has told you otherwise.

Insurance and What to Expect

Your visit is covered as a specialist visit under your Allegheny Senior Advantage HMO plan; a \$40 specialist copay applies. No referral is needed for this follow-up. If Dr. Torrance recommends a cortisone injection, it is performed in the office and usually takes only a few minutes. You may have mild soreness at the injection site for a day or two; this is normal. Because your knees may feel stiff afterward, we recommend having a driver available.
