WATER MEMORY

New photographic and installation work by Sarah Nelson

January 24 to February 28, 2026
Modern Edge Gallery, Nob Hill, Albuquerque

Curator's Note

Sarah Nelson works the way a river does, by returning. Water Memory gathers two years of photographs made along the Rio Grande and the dry arroyos that feed it, paired with a single floor installation, Watershed Study, that asks a gallery to hold water the way the land cannot. These are not landscape pictures. They are records of attention. Kristy Blackwell, Founding Director.
