Self-Care and Sustainability	4	Rebecca manages a demanding dual career effectively. Supervisor n

OVERALL RATING: 4.8 out of 5.0 - Exceeds Expectations

SUPERVISOR NARRATIVE

Rebecca Price continues to be one of the most valued members of the Bluff City Medical Center pastoral care department. In 2025, she completed 28 of the required 50 annual CPE hours and is on track to complete the remainder before December 31, 2026. Her work in the ICU and oncology units has been consistently described by nursing and physician staff as integral to family-centered care.

She mentors two CPE residents with patience and rigor, and her documentation practices have been adopted department-wide. The ethics committee has noted the quality of her spiritual care consultation reports. Rebecca approaches difficult cases with the calm that only comes from genuine experience and genuine faith.

Goal for 2026: Complete remaining 22 CPE continuing education hours by December 31, 2026. Continue mentorship of current CPE residents. Participate in at least one regional chaplaincy conference as a speaker or presenter.
