What this covers

- Claims of negligence, errors, or omissions in the professional services you provide.

- Work performed after the retroactive date shown above.

What this does not cover

- Bodily injury or property damage (that would need general liability, quoted separately).
- Intentional, dishonest, or fraudulent acts.
- Prior known claims or circumstances disclosed before inception.
- Cyber and data-breach events (available as an endorsement below).

Optional endorsements

Endorsement	Adds	Annual add-on
Cyber and data liability	Breach response, client data exposure	\$180
General liability bundle	Third-party bodily injury / property	\$220
Higher aggregate limit (\$2M)	Doubles aggregate coverage	\$210

Notes and next steps

- Base E&O at 540 dollars a year is sufficient to open the practice and sign the first clients.
- The cyber endorsement is worth considering once client dashboards hold sensitive data, but is not required to start.
- To bind, accept this quote and pay the first premium. Coverage is not in force until then.

This document is a quotation, not a binder or a contract of insurance. Coverage is effective only when accepted, issued, and paid. Hartwell Mutual, Columbus OH.
