Roads & Winter Operations

Winter Road & Access Status Map

Effective 2026-11-10 · Map ID GNP-WRA-2026-11

Season: Dec 15 2026 – Mar 15 2027

Reachable winter viewpoints (evening programs)

- Lake McDonald Shore — Apgar, 35 min, plowed (primary)
- McDonald Creek Overlook — 32 min, plowed pullout (backup)
- Lone Pine Overlook — 18 min, plowed (closest backup)

Gated / closed corridors (Logan Pass, Two Medicine, North Fork) are not sited for winter night programs.

Cold-weather & avalanche note

Cross-reference the Flathead Avalanche Center advisory: upper-elevation danger **CONSIDERABLE (3 of 5)** as of 2026-11-12.

Avalanche Lake headwall runout active — keep the public below the lake basin. Carry winter kit; daylight is short.
