SENIOR SECONDARY REPORT | SS2 TERM 2, 2026 to 2027 SESSION

Student name	Rohan Arjun Gonzales	Admission number	GA-2023-1147
Class	SS2 Sciences (Alpha)	House	Falcon
Date of birth	12 June 2010	Class teacher	Mrs. Chidinma Okwuosa
Reporting period	8 September 2026 to 14 November 2026	Report issued	18 November 2026
Guardian of record	Arjun Rajeev Gonzales	Guardian email	arjun@ogun-craft.ng

Academic performance, Term 2 continuous assessment plus mid-term test

Subject	Teacher	CA (30)	Mid-Term (20)	Assignment (10)	Portal Score /100	Grade	Class Avg
Physics	Mr. Tunde Adebayo	28	18	9	91	A1	74.2
Chemistry	Ms. Ifeoma Nwankwo	27	17	9	88	A1	72.8
Further Mathematics	Mrs. Chidinma Okwuosa	27	18	9	89	A1	68.5
Mathematics (Core)	Mrs. Chidinma Okwuosa	28	19	9	93	A1	77.4
English Language	Mrs. Yetunde Alao	26	17	8	85	A1	70.1
Economics	Mr. Kenechukwu Okonkwo	24	17	8	83	B2	69.7
Biology	Ms. Ifeoma Nwankwo	26	17	8	86	A1	71.3
Civic Education	Mrs. Amina Bello	27	18	9	90	A1	75.9
Data Processing (ICT)	Mr. Kolade Sanya	26	17	9	88	A1	74.4

Unweighted term average, sciences and mathematics track = 87.4 per cent (portal, pulled 18 Nov 2026, 07:42 WAT)

Reconciliation note. An earlier portal snapshot taken on 22 October 2026, showing a term average of 82.1 per cent, was superseded on 12 November 2026 when Mr. Adebayo re-marked mid-term Physics paper 2 (corrected from 14 to 18) and Mrs. Okwuosa uploaded revised Further Mathematics coursework grades. The 18 November pull is the record of truth for this report. The set-aside figure is retained in the audit log per school policy 4.11.

Predicted IGCSE grades | November 2026 mock examination cycle

Subject	Mock paper 1	Mock paper 2	Overall band	Predicted grade
Physics	89	92	A*	A* (predicted)
Chemistry	85	84	A	A
Further Mathematics	91	90	A*	A* (predicted)
Mathematics (Ext)	94	93	A*	A*
English First Language	83	81	A	A
Economics	78	76	B	B
Biology	86	84	A*	A*
Data Processing	88	89	A*	A*
Civic Education	90	91	A*	A*

Aggregate mock band, nine subjects = 6 A*, 2 A, 1 B. Physics and Further Mathematics both A*.

Teacher comments

Mr. Tunde Adebayo, Head of Physics

Rohan continues to be the most consistent problem solver in the Alpha set. His derivations in the mechanics section, particularly the extended object rotational inertia paper, were the strongest in six years of the class. He asks the right question rather than the fast question. He should now push into the electromagnetism problem sets I set for the SS3 Olympiad group, he is more than ready. He remains my primary reference recommendation for his university applications and I have committed the time.

Mrs. Chidinma Okwuosa, Head of Further Mathematics and Class Teacher

A very strong term. Rohan led the Further Mathematics revision group of seven students voluntarily on Thursday afternoons throughout October. His treatment of the differential equations problem set was rigorous and correct. I am glad to be listed as a secondary recommender.

Ms. Ifeoma Nwankwo, Chemistry and Biology

Chemistry is trending upward from last term. His practical write-ups are precise, he still tends to under-write in the discussion sections, and I have asked him to be less brief there. His fermentation project extract was very fine work.

Mrs. Yetunde Alao, English Language

Rohan's argumentative essay on regulation of small-scale manufacturers was thoughtful and well organised. Prose clean, comma discipline could improve. He is preparing his personal statement drafts with support outside school which is showing in his writing voice.

Mr. Kenechukwu Okonkwo, Economics

A steady B2 term. Economics is not his strongest interest and this is honest. His graphs in the market failure topic were correct and clearly labelled.

Mr. Emmanuel Idowu, Guidance Counsellor

I have met Rohan four times this term regarding university applications. He is well informed, he is not panicking, and the family is clearly involved in a structured way. I have offered to write the counsellor letter for all applications, this offer stands.

Attendance and conduct

Term days available	Days attended	Attendance %	Punctuality	Conduct grade
50	49	98.4%	Excellent, one late arrival 4 Oct 2026	A

Head of School statement

Rohan Gonzales is a serious young man of clear scientific bent, currently ranked joint 2nd of 41 in the SS2 Alpha sciences set. His term average of 87.4 per cent is a personal best and he is on track for the aggregate needed by the international engineering programmes he has expressed interest in. Greenfield Academy is pleased to support his application cycle for September 2027 intake and confirms that predicted grades in this report reflect the considered view of the subject teachers as at 18 November 2026.

Signed

Dr. Adaobi Nwaeze, MEd, PhD | Head of School | 18 November 2026
