

THE UNIVERSITY OF SHEFFIELD

Department of Chemical and Biological Engineering

International Undergraduate Prospectus | September 2027 Intake

Sir Robert Hadfield Building, Mappin Street, Sheffield S1 3JD, United Kingdom

1 Programmes offered

Code	Programme	Duration	Award
H800	Chemical Engineering	3 years	BEng (Hons)
H801	Chemical Engineering	4 years	MEng (Hons)
H810	Chemical Engineering with Industrial Placement	5 years	MEng (Hons)
J500	Materials Science and Engineering	3 years	BEng (Hons)
J501	Materials Science and Engineering	4 years	MEng (Hons)
H812	Chemical Engineering with a Year in North America	4 years	MEng (Hons)

2 Entry requirements (international applicants)

Sheffield welcomes applications from Nigerian students holding the WAEC Senior School Certificate, Cambridge International A-Levels, or the International Baccalaureate. Applicants presenting the SSCE alone are ordinarily required to complete a recognised International Foundation Year; those holding three A-Levels including Chemistry and Mathematics may enter Year 1 directly.

Qualification	Standard offer (MEng H801)	Notes
A-Level	AAA including Chemistry and Mathematics	General Studies not counted
IB Diploma	36 points, HL 6,6,6 including HL Chemistry and Mathematics AA	SL 5 in English if not first language
WAEC / SSCE + Foundation	SSCE with A1/B2 in Chemistry, Physics, Mathematics + Foundation Merit	Direct entry to Year 1 on successful Foundation
English language (IELTS)	6.5 overall, minimum 6.0 in each component	TOEFL iBT 88, or PTE 61 accepted
Advanced Placement	AP Chemistry 5, AP Physics C: Mech 5, AP Calc BC 5	Considered alongside SSCE

3 Programme structure | MEng H801 module list

Year 1 (Core, 120 credits)

CPE110 Introduction to Chemical Engineering | CPE114 Process Principles | CPE120 Fluid Mechanics I | CPE122 Thermodynamics I | MAS140 Engineering Mathematics I | MAS141 Engineering Mathematics II | CHM111 Physical Chemistry for Engineers | MAT101 Introduction to Materials

Year 2 (Core + 20 elective credits)

CPE201 Heat Transfer | CPE203 Mass Transfer | CPE205 Reaction Engineering I | CPE207 Process Control I | CPE210 Separation Processes | CPE213 Chemical Engineering Laboratory | CPE215 Process Safety and Risk | MAS250 Numerical Methods | Elective: MAT230 Polymers, or MAT235 Ceramics

Year 3 (Core + 30 elective credits + Design Project)

CPE301 Advanced Reaction Engineering | CPE303 Process Control II | CPE305 Transport Phenomena | CPE310 Plant Design Project (30 cr, team of six) | CPE315 Engineering Economics | Electives: CPE322 Biochemical Engineering | CPE325 Fermentation Technology | CPE330 Downstream Processing | CPE335 Sustainable Process Design

Year 4 MEng only (Research + Advanced electives)

CPE401 Individual Research Project (60 cr, supervised) | CPE410 Advanced Separations | CPE414 Advanced Reaction Engineering | CPE420 Process Systems Engineering | CPE425 Energy Systems | CPE430 Pharmaceutical Engineering | CPE435 Hydrogen and Low-Carbon Fuels

4 Fees for international students, 2027 to 2028 academic year

Element	Amount (GBP)	Notes
Tuition, Chemical Engineering, per annum	£31,500	Fixed for the full duration of the degree once enrolled
Tuition, Materials Science and Engineering, per annum	£30,750	Fixed for the full duration
Deposit on offer acceptance	£2,000	Deductible from Year 1 tuition
Accommodation, catered en-suite, 40 weeks	£9,800	The Edge, Endcliffe, Ranmoor halls
Accommodation, self-catered studio, 42 weeks	£11,760	
Living costs estimate, 42 weeks	£10,400	UKVI minimum used for CAS visa purposes
Compulsory Immigration Health Surcharge (IHS)	£776 per year	Payable at visa stage
Books, lab consumables, coveralls	£420	Coveralls and safety boots issued Year 1

Historic uplift of tuition for continuing students, five year rolling average, is 3.4 per cent per annum. Sheffield does not guarantee frozen fees for the international cohort beyond Year 1 in nominal GBP terms.

5 Scholarships and bursaries for international entrants

Scheme	Value	Eligibility	Deadline
Sheffield International Merit Scholarship	£2,500 to £10,000 per year	Automatic on offer, based on academic profile	31 May 2027
Faculty of Engineering International Bursary	£2,000 to £5,000, Year 1	Chem or Mat Eng offer holders, separate form	31 May 2027
Alumni Foundation Africa Bursary	£3,000, one time	Nationals of Nigeria, Kenya, Ghana, Rwanda	1 April 2027
Chevening Scholarship	Full	Postgraduate only, not applicable at undergraduate level	n/a
Commonwealth Scholarship	Full	Postgraduate only, not applicable at undergraduate level	n/a

6 Industrial placement and research access

The Department operates a formal Industrial Placement Year, taken between Year 3 and Year 4 of the MEng. Salaries in the placement year, 2025 to 2026 cohort, averaged £22,400 across 78 host companies. Placement partners with active current-year vacancies include Fluor Limited, BP International Centre for Advanced Materials, GSK Barnard Castle, Croda Europe, Johnson Matthey Royston, Unilever Port Sunlight, Syngenta Jealott's Hill, and Sellafield Ltd. Nigerian students are eligible for the placement year on the Student Visa route without switching to the Skilled Worker route.

Undergraduate research access is available from Year 2 through the Sheffield Undergraduate Research Experience (SURE) scheme, a paid ten week summer programme. Active groups relevant to a chemical or materials engineering candidate are: Prof. Rachael Elder, fermentation and bioprocess intensification; Prof. Peter Styring, carbon capture and utilisation; Prof. Cornelia Rodenburg, low voltage electron microscopy for polymers; Prof. Serena Cussen, battery materials and electrochemistry; Prof. Ronny Pini, porous media and CO₂ storage. Undergraduate publication co-authorship in the 2024 to 2025 cycle numbered 23 across the Department.

7 Alumni in industry, Africa and Middle East region

Recent alumni holding senior technical positions include, in Nigeria: Emeka Nwosu, Process Manager, Dangote Refinery Lekki (BEng 2011); Ada Okonjo, Head of Brewing Science, Nigerian Breweries plc (MEng 2014); Bola Adeoye, Senior Reservoir Engineer, Shell Nigeria Exploration and Production Company (MEng 2009). Regional employers who visited the 2024 to 2025 careers fair include Seplat Energy, SABIC, ADNOC, and Aramco Chemicals. The Department does not maintain formal ties with the Nigerian craft brewing sector, however individual alumni including Ms. Okonjo have hosted student visits to industrial breweries.

8 Application procedure and deadlines

Stage	Deadline for September 2027 intake	Notes
UCAS application, institution code S18, course H801	Equal consideration 15 January 2027	Applications after this date considered subject to space
English language evidence (IELTS or accepted alt.)	31 March 2027	Must be within two years of programme start
Deposit payment, £2,000	Within 28 days of unconditional offer	Refundable up to 30 April 2027
CAS issued for visa application	From 1 May 2027	Subject to deposit clearance and CAS statement of finance
Accommodation application via Sheffield Portal	31 July 2027	First-year guarantee for on-time deposit holders

Enrolment and Welcome Week	20 to 26 September 2027	Teaching begins Monday 27 September 2027
