SCOPE OF WORK

Following our site visit on September 20, 2026, we are pleased to submit the following quotation for the replacement of the variable speed pool pump at the property listed above. The current Pentair IntelliFlo pump installed in July 2020 is exhibiting bearing failure and elevated amperage draw consistent with impending motor failure. Replacement is recommended within the next 30 days to prevent equipment pad flooding and to preserve pool circulation continuity through the fall algae season.
