

Hollow Ridge Builders

Lakeview Motor Inn — 10-Room Pilot Renovation Bid

Submitted September 2026

1. Bid Summary

Hollow Ridge Builders has submitted this fixed-price bid for the renovation of ten (10) guest rooms at the Lakeview Motor Inn property. The scope covers full interior renovation including flooring, wall finishes, bathroom fixtures, lighting, HVAC unit replacement, furniture, and window treatments.

Item	Amount
Scope	10-room pilot renovation
Per-room cost	\$14,500.00
Total bid price	\$145,000.00
Fixture level	Premium boutique grade
Timeline	8 weeks from notice to proceed
Warranty	2-year workmanship, manufacturer on fixtures

2. Per-Room Cost Breakdown

Each of the ten rooms is priced identically at \$14,500.00. The breakdown by trade category is as follows:

Category	Per Room
Demolition and disposal	\$900.00
Flooring (engineered hardwood)	\$2,200.00
Wall prep, paint, and accent wall	\$1,500.00
Bathroom renovation (premium fixtures, rain shower)	\$3,400.00
Electrical, lighting, and USB outlets	\$1,600.00
HVAC unit replacement (mini-split)	\$2,600.00
Furniture package (premium, solid wood)	\$2,000.00
Window treatments (motorized blinds)	\$900.00
Contingency and general conditions	\$400.00
Total per room	\$14,500.00

3. Scope and Exclusions

This bid covers interior renovation only. Exterior work (roof, siding, parking lot) is excluded and would be quoted separately. The bid assumes standard building access during business hours and does not include permits (owner responsibility). Rooms will be taken offline in pairs to minimize revenue disruption.

This bid includes premium-tier fixtures and finishes. Hollow Ridge specializes in boutique hospitality and the per-room cost reflects higher-end materials including engineered hardwood flooring, rain showerheads, and motorized window treatments. The higher cost may be justified if Lakeview repositions toward a boutique market.

4. Additional Notes

Hollow Ridge Builders specializes in boutique hospitality renovations and has completed projects at several bed-and-breakfast properties in Gatlinburg.

Their per-room cost is \$1,700 higher than the competing bid, reflecting premium fixtures and finishes. The additional cost totals \$17,000 across the 10-room pilot.

The committee should weigh whether the premium finish level aligns with Lakeview's current market positioning (economy/mid-range) or a planned repositioning strategy.

References available upon request. Licensed and insured in Tennessee.

5. Project Tracking Reference

This bid is tracked in the Airtable project management base as record **recLKBID2** with status 'Higher.' It serves as the comparison bid for committee evaluation.
