### Written Quotation

Quote number BWP 4471. Date issued February 20, 2026.

Prepared for: Charles McKay, 1462 County Road 6WX, Cody, Wyoming 82414. Telephone (307) 555-1001.

Site assessment of the existing stock water well, depth three hundred and twenty feet. The submersible pump shows hesitation on start and elevated motor noise consistent with end of service life. The following replacement is quoted.

| Description                                | Qty | Unit    | Amount  |
|--------------------------------------------|-----|---------|---------|
| Submersible pump, three quarter horsepower | 1   | 1850.00 | 1850.00 |
| Motor and control box                      | 1   | 640.00  | 640.00  |
| Drop pipe and wire, 320 ft                 | 1   | 720.00  | 720.00  |
| Pitless adapter and fittings               | 1   | 210.00  | 210.00  |
| Pull, install, and pressure test, labor    | 1   | 1430.00 | 1430.00 |
| Total                                      |     |         | 4850.00 |

Pricing held for the season and honored through October 2026. A deposit is not required to schedule. Work is typically completed in one day, weather and ground conditions permitting.

This is a quotation only and is not an order. No charge applies until work is authorized by the customer.

Thank you for the opportunity. We have served the basin for over thirty years.
