

Illinois Department of Financial and Professional Regulation

Division of Professional Regulation

320 West Washington Street, Springfield, IL 62786 idfpr.illinois.gov

Esthetics License, Requirements Summary

This summary outlines the requirements to obtain an Illinois esthetics license and to offer waxing and eyelash extension services at a licensed establishment.

Education

- Complete 750 hours of esthetics training at a school approved by the Department.
- Esthetics is licensed separately from cosmetology. A cosmetology license does not by itself authorize esthetic services.

Examination

- Pass the written theory examination and the practical examination administered by the Department's testing vendor.

Application and Fees

- Submit the license application with proof of completed hours.
- Application fee: 60. Initial license fee: 90. Licenses renew every two years.

Establishment Requirements

- Esthetic services must be performed by a licensed esthetician at a licensed salon.
- Waxing stations and lash service areas must meet sanitation standards for single use supplies and surface disinfection.
- Display current licenses where clients can see them.

Note for applicants: processing typically takes six to eight weeks after a complete application is received. Incomplete hour documentation is the most common cause of delay.
