Sarah Egan, MD
1500 North Aurora Road, Naperville, IL 60563 (630) 555-9210

Visit Date: January 14, 2026

Patient: Cecilia Burnett
Date of Birth: November 14, 1980

Annual Physical, Summary and Labs

Vitals

Blood pressure 132 over 84. Heart rate 72. Weight stable since last year. Blood pressure improved on current medication but still in the mild range; continue monitoring.

Current Medication

- Lisinopril 10 mg, once daily, for mild hypertension. Continue.
- Daily multivitamin and fish oil supplement.

Laboratory Results

Test	Result	Reference
Total Cholesterol	214 mg/dL	Under 200
LDL	132 mg/dL	Under 130
HDL	58 mg/dL	Over 50
Triglycerides	140 mg/dL	Under 150
Fasting Glucose	94 mg/dL	70 to 99
Potassium	4.2 mmol/L	3.5 to 5.0

Notes and Plan

Cholesterol remains borderline, total and LDL slightly above target. Recommend continued attention to diet, less red meat, and the daily walking she already does. Recheck lipids at the next annual. No new prescriptions. Return in one year, sooner if blood pressure rises.

Signed, Sarah Egan, MD
