Laboratory results

Test	Result	Reference range	Flag
Total cholesterol	186 mg/dL	Under 200	Normal
LDL cholesterol	104 mg/dL	Under 130	Normal
HDL cholesterol	61 mg/dL	Over 40	Normal
Triglycerides	104 mg/dL	Under 150	Normal
Fasting glucose	92 mg/dL	70 – 99	Normal
Hemoglobin A1c	5.3%	Under 5.7	Normal
Creatinine	0.94 mg/dL	0.74 – 1.35	Normal
Vitamin D, 25-OH	38 ng/mL	30 – 100	Normal
TSH (managed by endocrinology)	2.30 mIU/L	0.45 – 4.50	Normal

Examination

General appearance well. Cardiovascular exam with regular rate and rhythm, no murmur, no peripheral edema. Lungs clear to auscultation bilaterally. Abdomen soft and non-tender. Thyroid gland without nodularity or tenderness on palpation. Skin exam unremarkable. Neurological screening intact. Musculoskeletal exam shows no limitation; no complaints referable to the shoulders or lower back.

Assessment and plan

Problem	Status	Plan
Primary hypothyroidism	Stable, controlled	Continue levothyroxine 75 mcg daily. Endocrinology follows at six month intervals.
Cardiovascular risk	Low	No statin indicated. Recheck lipids at the next annual.
Preventive screening	Up to date	Colonoscopy completed 2024, repeat interval 10 years. Shingles series complete.
Fitness	Above average for age	Continue current pattern. No restriction for the annual 10K.
Weight	Improved, down 3 lb	No intervention needed.

Lifestyle review

Exercise	Indoor bike three times weekly, yoga twice weekly, daily walk of about 45 minutes, one 10K race per year
Diet	Fish, vegetables, rice; batch cooking on Sundays; light red meat by preference
Alcohol	Two to three glasses of wine per week with dinner
Tobacco	Never
Sleep	Six to seven hours, consistent schedule
Occupational	Sedentary desk work with a standing desk; reports sustained periods of high workload without a change in symptoms
Immunizations	Influenza current, tetanus current, shingles complete

This summary is part of your medical record and is shared only with you and the providers involved in your care. Contact the office with any question about these results. Return in one year for the next preventive visit, or sooner if symptoms change.
