03/31	Employee pre-tax	\$7,708.33	12.5%	\$957.30
Total contributions this period				\$8,085.00

Important notes on an unpaid leave of absence

Payroll deferrals stop for any pay period in which no eligible compensation is paid. Employer match is calculated per pay period on eligible pay only, so a period with no pay receives no match. Contributions resume automatically at your elected rate when eligible pay resumes. An unpaid leave does not by itself trigger a distributable event, and any outstanding plan loan continues to amortize on its original schedule. You have no outstanding plan loan.

Vesting and beneficiary

Vested percentage	100% (service since 2020 exceeds the plan vesting schedule)
Primary beneficiary	Helen Foster, mother, 100%
Contingent beneficiary	David Foster, brother, 100%
Annual limit tracking	\$8,085.00 of \$23,500.00 elective deferral limit used year to date
Catch-up eligibility	Eligible, age 50 or over
