Lienholder and notices

A loss payee is recorded for the auto loan servicer. Coverage for a leave of absence does not change: the policy remains in force and the premium remains payable monthly regardless of employment status. If annual mileage falls materially during an extended period away from the commute, you may be eligible for a further low mileage adjustment at renewal. Notify us before the mileage band changes so the rate can be re-rated.

This declarations page replaces any previously issued for the policy period shown. It is a summary only. The policy contract, together with any endorsements, governs coverage. Keep this page with your policy. California law requires evidence of financial responsibility to be carried in the vehicle.
