How the claim was processed

Note	Explanation
PV1	Preventive services are covered at 100% in network with no deductible or coinsurance.
LB2	Laboratory work ordered with a preventive visit is processed as preventive.
DX4	Diagnostic laboratory work tied to an ongoing condition is subject to plan coinsurance of 20% after the deductible is met.
NW1	All providers on this claim are in network. No balance billing applies.

Lisa Chang, OD	Optometry	Capitol Eye Care	In network, vision plan

Coverage during an unpaid leave of absence

Medical coverage is tied to active employment and payroll deduction. During an approved unpaid leave, coverage may continue but the employer payroll deduction stops, and the full premium is billed to you directly. Contact your benefits administrator before the leave begins to confirm the direct-bill amount and the payment schedule, because a missed premium can terminate coverage retroactively to the last paid period.

If you disagree with how this claim was processed you may request an appeal within 180 days of the date of this notice. Keep this statement for your tax and reimbursement records.
